The Campbell Press

A GROWING NEWSPAPER IN A GROWING COMMUNITY

Volume 60, Number 32 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | 10c per copy | Thursday, July 23, 1953

$92,519.90 TENTATIVE CITY BUDGET

Profile of The Week

This column attempts to acquaint Campbell residents with the background of most of its leading citizens, to make for a greater interest in the activities of the Campbell area.

Pictures from the files of the Campbell Press will be drawn, by lot, for the first of the articles. When this supply is exhausted, pictures of newer residents will be taken, to run in conjunction with stories.

Wm C. HENLEY . . . Educator

Moves, growth and change typifies the life of Wm. C. Henley, District Superintendent of the Campbell Union Elementary Schools for the past nine years. He was born the son of a college professor and Santa Clara County farm girl in Tucson, Arizona September 27, 1909 and spent his boyhood to the age of ten in Tucson.

Much freedom to roam about the desert cacti and greasewood was enjoyed and an early knowledge of centipedes, scorpions and rattle snakes was acquired. With summer temperatures ranging as high as 110°, there was much opportunity for swimming and barefooting.

In 1919 the Henley family moved to Southern California where the father worked as an engineer in one of the early diesel engine concerns in Los Angeles. The Henley children, two boys and a girl, were more confined to the routine of city life, both boys getting early work experience on a paper route in the City of Pasadena.

In 1921 the family moved to a ranch between Milpitas and Alviso. This ranch having been in the family for many years and leased for the last several was considerably run down and needed much work to make the house liveable and to make a living on the farm.

It was while living on this farm that Henley finished grammar school in Milpitas and commuted to San Jose High School and San Jose State College, finishing there in 1930 with a Bachelor's Degree in engineering chemistry and prepsecondary in education. Being unable to attend Stanford University the following year where he had received an assistantship, Henley worked as a chemist for Libby, McNeil and Libby, as an electrician's helper and apprentice with the P. G. & E. Co. on construction work, and then as an operator, laboratory assistant, construction

COUNCIL CLEARS SHORT AGENDA

In one of the shortest meetings held to date, City Council Monday night deferred a request for annexation, amended city sign ordinance and decided not to contest a bus company's request to change approach route to the city.

Western Gravel company's request for city to start proceedings to annex property owned by them was referred back to petitioner to clarify property lines of land proposed for annexation.

An ordinance amending city's signs, billboards, marquees, canopies, awnings and street clocks was adopted, further clarifying dimensions and use of building attachments.

City decided not to protest request for change of route approach to city requested by Peerless Stages. Robert Bartholdi, manager of the bus line, said no passengers were picked up on Hamilton Ave. stops and in the area they proposed to by pass.

C of C MAP LISTINGS STILL AVAILABLE

Campbell business men are contacted by the Campbell Chamber of Commerce each year for advertising space on city maps, but according to Chamber officials, some merchants have always been overlooked.

On this year's map which will be available about the middle of August, an alphabetized business directory will be printed on the back of map brochure. The Campbell Chamber of Commerce desires 100 percent sponsored business listing, to make the map as complete and worthwhile as possible.

Accordingly, Chamber officials request any business establishment, professional worker contractor or any other individual or concern doing business in the city which desirts its name listed in the business directory and guide, to contact the board of directors of Campbell Chamber of Commerce before next Wednesday. A $2.00 fee will be charged, officials said.

Advertisers already contacted and from whom copy has been received of course need not submit names, since they will be included automatically.

Officials said 10,000 of the two-color maps and brochures will be distributed in the city sometime in August.

Harley Ritter to Attend Life Insurance Course

Harley R. Ritter, 782 Harrison Street, will attend a two week course in management and life insurance service at the Western headquarters of the Prudential Company of America in Los Angeles. Ritter is a staff manager in the San Jose district agency of Prudential.

ALL SMILES . . . after their 2-0 shutout of Burbank Tigers last Thursday, Campbell Merchants sponsored Little League team line up on Campbell Grammar School diamond for a chalk talk from manager Merv Willoughby (back row, standing with cap) on strategy to employ in tonight's game with league leading Burbank Youth Center on Campbell Grammar school diamond at 6 p. m.

Just before picture was taken Stamp Association pitcher Jerry Bringuel, whiffed nine Burbank batters and walked three to take credit for the 2-0 win. A win tonight will keep the locals in the running for the title; a loss would put them four games behind with eight games left on the schedule.

'CALL POLICE IF ANNOYED'

Campbell Chamber of Commerce has received complaints of an influx of itinerant peddlers who have been pestering householders recently, according to William B. Enochs, Chamber secretary.

Enochs said some Campbell housewives complained of peddlers calling at homes before 8 a. m.

One woman reported an early caller barging into her home before she could get to the door, according to the Chamber secretary. He refused to leave, Enochs quoted the woman as saying, until she had screamed for neighbors. Enochs said that in this particular instance there was sickness in the family, which caused distress to family members.

Enochs said that in cases where salesmen make themselves objectionable, a call to the city hall will bring police. (Police phone number is FR 8-3659).

"These salesmen are supposed to have a city license. They too frequently come in droves, pick off the cream of business and leave with no trace of them, should dissatisfaction arise over a purchase. Local business houses are taxed and readily pay for the privilege of doing business here. Outsiders slip in and too often pull deals that hurt everyone. Local merchants can usually supply anything these salesmen offer, and usually at a lower price, plus the fact that the buyer gets protection by dealing with local merchants who already have their city permits. It is unfair to local businessmen to tolerate these itinerants", Enochs said.

THAT GREEN STUFF . . .)which makes the little League Campbell merchants team possible is given in photo above by Cel Gerevas president of Campbell Merchant Stamp Association, to manager Merv Willoughby, while local battery smiles appreciation.

Check for $275.00 was presented at the close of last Thursday's game in which local merchant's sponsored team nipped Burbank Tigers 2-0, to place the Campbell team in the running for the title. Merchants meet Burbank Youth Center tonight at Campbell Grammar School diamond at 6 p. m.

EDITORIAL

NEW BUSINESS . . .

Not Wanted

On March 28, 1952, Campbell became a city. After three unsuccesful attempts to incorporate the area, the citizens of this community gave a favorable nod to the attempts of the proponents of incorporation, and at the same time elected a slate of five city councilmen who have performed one of the finest feats of organizational work that this writer has ever been privileged to witness. The first city council of Campbell has done a wonderful job on the whole, and we feel that the new city owes them an everlasting vote of thanks.

The city council, in line with constructive and long-range thinking, appointed a commission to study and evaluate zoning for the new city, that would guarantee the people of Campbell control of their own affairs, and insure proper growth and development.

After studied consideration of the activities of the planning commission this past year, we have come to the conclusion that a poor choice was made in the selection of several of the members of the commission. Personnel of the Planning Commission who are far-sighted enough to realize the potential of Campbell are ham-strung by the few members who wish to keep business confined to a small section.

Regardless of the desire of a few to control Campbell's business in a small area, it is impossible, due to the small amount of available property for new business development; and also that kind of thinking is not in line with good constructive long-

(Continued on Page 8)

FOOTLIGHTERS CHOSE PLAY FOR OCTOBER

"Chicken Every Sunday" is the itle of the play chosen for preentation early in October, by 'ampbell Footlighters who met in ne Barn on Dry Creek Road July 4.

Written by Rosemary Taylor and dapted from the book of the same ame, the play, a comedy drama, alls for an Arizona setting around ne year 1916.

At last meeting Mae and Mogie Iorgensen and Ellen and Ethan anphear presented a one act play, Fifty-fifty", in which Mary O' rien played "Molly" and Jim trimpel played "Robert".

Refreshments were served by ucille and Norm Corvello and ary Parker.

New members welcomed into the oup included Mr. and Mrs. Erst Like and Mr. and Mrs. Jim rimpel.

The foolighters were agreeably rprised when old friends Thais id Les Ackerman arrived for a sit from Walnut Creek.

NEW COMMANDER . . . Guy Smith, of Campbell Post 596 incoming 13th District Commander, American Legion, is shown receiving gavel from outgoing commander Frank Knox of Campbell, at 13th district meeting at Los Altos Legion Post July 5.

ESTIMATED 20-CENT PROPERTY TAX INCREASE PROPOSED FOR CAMPBELL'S FIRST BUDGET FOR YEAR 1953-54

An estimated general property tax increase of 18 to 20 cents in the proposed $92, 519.90 city budget is expected to gain council approval Monday night.

Budget figure was tentatively agreed upon at an informal work session Wednesday night. It is the city's first budget to cover a complete fiscal year.

A $30,162.74 difference between budget and expected city income must be augmented by a general property tax—probably 53 or 54 cents, city auditor, William B. Enochs said yesterday. This rate will mean a difference of 18 or 20 cents over the 35 cent rate paid by property owners this year and last for various city service assessments, he said.

Enochs said that in any event, no tax rate can be set until city receives its assessed valuation from County Assessor's office, about mid August.

City income sources listed in the proposed budget include: fines and forfeitures; business, liquor,, dog, bicycle and inspection fees, franchises, privileges, (garbage collection, etc.), and city's share of stat collections.

The proposed budget lists the following expected income and expenses:

Total tentative budget $92,-519.90.

Estimated city expenses by department: City Clerk's office $10,-295.00; Chief executive's office; $300; Finance, $1410; Law office, $4662.50; Engineer's office, $4,-800.00; Planning commission, $3220.00; General Government, $14,710.00; Police dept, $23,829.00; Fire Dept., $16,182.00; Street repair and maintenance, $7700.00; Public Works Dept. $5,409.40.

ESTIMATED REVENUE

"In Lieu" funds, $35,729.00; Gas Tax funds, $19,974.69; fines and forfeitures, $6,000.00; Business license fees, $8,000.00; Liquor license fees, $1320.00; dog license fees, $400.00; Bicycle fees, $400.00; Inspection fees, $1700.00; franchises, $4976.76: Privileges, $1500.00.

Major breakdowns of proposed budget figure of $92,519.90 include $45,863.40 for salaries, $37,835.50 for expenses and $8,819.00 for capital outlay.

CITY TRAFFIC REGULATORY SIGNS NOW BEING LOCATED ON CITY STS.

Mayor Richard W. Morton reminded Campbell motorists and pedestrians to be on the lookout for city's new traffic regulating signs being placed at streets and intersections within the city.

Part of the total 126 new signs were placed in the city this week under the direction of California Automobile Association, from whom the signs were purchased by the city.

The mayor also warned that new traffic regulations will be strenously enforced.

When installed the city will have 27 arterial stop signs, 64 parking regulatory signs, (62 one-hour limit and two two-hour limit), eight 35 mile per hour signs, four 25 mile per hour signs, two end of 25 mile per hour signs, four school zone signs, 14 no parking signs, and two one way street signs.

The signs will be placed at the following locations:

ARTERIAL STOP SIGNS

N E Corner of Sanford Avenue and Winchester Road; S W Corner of Mission Way and Winchester Road; S W Corner of Cherry Lane and Winchester Road; S W Corner of Catalpa Lane and Winchester Road; S W Corner of El Caminito and Winchester Road; N E Corner of Rosemary Lane and Winchester Road; S W Corner of Rosemary Lane and Winchester Road; S E Corner of Esther Avenue and Hamilton Avenue; N W Corner of Central Avenue and Hamilton Avenue; S E Corner of Harrison Street and Hamilton Avenue; S E Corner of Hunt Way and West Campbell Avenue; S E Corner of Jane Ann Way and West Campbell Avenue; S E Corner of Christopher Avenue and West Campbell Avenue;

S E Corner of Cypress Avenue and West Campbell Avenue; S E Corner of Dot Avenue and West Campbell Avenue; N W Corner of Hardy Avenue and West Campbell Avenue; N W Corner of Milton Avenue and Rincon Avenue; N W Corner of Dot Avenue and Rincon Avenue; S W Corner of Bucknell-Cypress-Virginia-Rincon; N E Corner of Tubby Street and Central Avenue; N E Corner of Grant Avenue and Central Avenue; S W Corner of Grant Avenue and Central Avenue; N E Corner of Central Ave and Raliroad Avenue; N W Corner of Dillon Avenue and Central Avenue; S W Corner of Dillon Avenue and Central Avenue; S W Corner of Rincon Avenue and First Street; N W Corner of Carlyn and Latimer Avenue; S E Corner of Carlyn and Latimer Avenue.

35 MILE PER HOUR SIGNS

North side of Campbell Avenue at San Jose-Los Gatos Road; South Side of Campbell Avenue between Gilman and Los Gatos Creek; North Side of Hamilton Avenue and San Jose-Los Gatos Road; South Side of Hamilton Avenue and Harrison Street; North Side of Campbell Avenue and Hardy Avenue; South Side of Campbell Avenue and West City Limits; North Side of Rincon Avenue and Dot Avenue; South Side of Rincon Avenue and West City Limits.

25 MILE PER HOUR SIGNS

To be placed as follows:

North Side of Hamilton Avenue and Harrison Avenue; South Side of Hamilton Avenue and Winchester Road; North Side of Latimer Avenue and Winchester Road; South Side of Latimer Avenue and West City Limits.

END OF 25 MILE PER HOUR SIGNS

To be placed as follows:

West side of Winchester Road at South City Limits; East side of Winchester Road at North City Limits.

SCHOOL ZONE SIGNS

To be placed after conference with Senior Officer and City Traffic Engineer.

NO PARKING SIGNS

To be placed after conference with Senior Officer and City Traffic Engineer.

ONE WAY STREET SIGNS

To be placed after conference with Senior Officer and City Traffic Engineer.

APRICOT SEASON IN FULL SWING

California Farm Bureau Federation reports canning activity is about finished in the Brentwood area and the only areas now operating are Santa Clara, Alameda and San Benito.

Harvests in Santa Clara and Alameda are in full swing the bulletin states, but San Benito County has at least 10 days to go before harvesting will be in volume.

Late sales of some poorer quality fruit have been made at lower prices than the openings. According to the Farm Burea some canners were buying small fruit at $70 a ton for juice.

Recent Market News Service now places an estimate of 189,000 tons of apricots in California as compared with the June estimate of 178,000 tons.

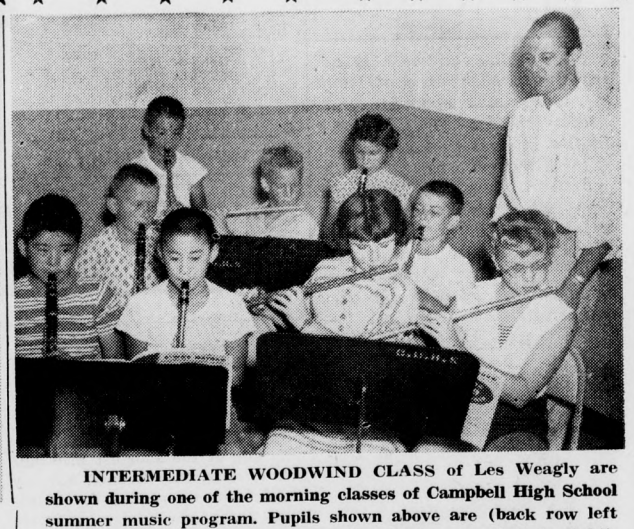
It is now time to take a vacation, if you hadn't noticed.

INAL DEFECTIVE

Summer Music Program In Full Swing At C.U.H.S.

CLASS COACHING in piano fundamentals is given area children participating in music portion of CUHS summer recreation program by Mrs. Georgette Canavero(left standing) and Marian Gould (right standing). Students picking out notes on simulated keyboards are right row, (back to front) John Stevens, Ellen Willis, Suzanne Hathaway, Aldene Stoner, Cynthia Lyons and Gene Longinetti, and (left row (back to front) Allen Kawasaki, Tom Bruno, Donald De Long, Roger Danna, Richard Colombini, and Martin Burton.

INSTRUCTORS: of Campbell Union High School District summer recreation music program under the direction of Richard Gordon (not shown in picture) are shown above following a busy morning of instruction in orchestra, band, ensemble, and class coaching in instrumental music. (front row) Alice Blair, Georgette Canavero, Shirley Courtney, Wallace Johnson. (back row) Paul Lozar, Les Landin, Ross Bergantz, and Les Weagly.



INTERMEDIATE WOODWIND CLASS of Les Weagly are shown during one of the morning classes of Campbell High School summer music program. Pupils shown above are (back row left to right) Allen Kawasaki, Joan Faria. Center row (left to right) David Herbert, Fred Andres, David Emery. Front row (left to right) Melvin Katai, Victor Kawasaki, Bess Emery, and Pat Borden.

SKIP TO MY LOU .....is sung and played by Les Landin (on desk with guitar) at Campbell High School's summer music program to part of the group of 120 youngsters who participate in the folk music class. Class includes all types of folk music experiences with song, dance, ukelele, harmonica, guitar. Social music is a new offering at the summer music program, this year.

AND IT COMES OUT HERE. Trumpet pupils of Campbell Union High School music section of high school area recreation program finish a class under the direction of Ross Bergantz, substituting for Ed Tonini, in High School auditorium. Shown in picture above are back row left to right, Wayne Shaffer, Bruce Redwine, Stephen Brainard, Garth Parker, Richard Parola, Ronald Oburn, Ronald Nomwid and Bobby McCroroy. Front row left to right are: Frank Hammond, Jack Herbert, Dennis Hann, Clifford Dis Christian and Jack Campbell.

AREA CHILDREN PROFIT BY LESSONS GIVEN DURING SUMMER MONTHS HERE

Daily program of instruction in orchestra, band, ensemble and class coaching in instrumental music, part of Campbell Union High School District summer recreation program, under the direction of Richard Gordon, is called "Music for Fun."

The staff of specialists consisting of Ed Tonini, Les Landin, Paul Lozar, Les Weagley, Wallace Johnson and Alice Blair, are convinced, however, that the daily supervision for the six-week period will produce early membership in school bands or orchestra, and will increase proficiency for those already playing in school musical organizations.

The program is receiving enthusiastic support as shown by increased attendance. At season's start, 55 pupils were enrolled. Over 200 now participate, and by season's end, August 13, that figure may be even higher, Dean Chamberlin, acting director said this week.

Chamberlin pointed out the various classes and facilities available to children attending schools of the Campbell High School District, on a Press visit to the program last Friday. He introduced the music staff who expertly were bringing musical order out of eager but discordant pupils.

We first stopped at the folk music room, where Les Landin, (perched on a desk) gently srummed a guitar, and, in a manner resembling Burl Ives, sang such favorite folk songs as "Skip to My Lou," "Blue Tail Fly", "Clementine" and others to an attentive audience of 120 eager yougsters. As the class progressed, individual students with their own instruments took the lead, while others joined in the chorus.

Later we found out that Landin is a San Jose State graduate, class of '49, is married and lives at 18915 Devon Ave., Saratoga. He teaches at Saratoga School. Professionally he has played in small combinations and in dance bands in Southern California..

Next, we visited the piano instruction class of Mrs. Georgette Canavero, and Marian Gould, where youngsters, gathered about a table lined with simulated piano keyboards, were busily picking out notes as directed by instructor.

This class was composed of beginners, but instructors pointed that pianos are available and advanced instruction is also given.

Mrs. Canavero is a cellist with San Jose Civic Symphony Orchestra. She's a State graduate and will join her husband, James, as a new fall members of Cambrian School faculty. She also expects to become a mother sometime in the near future.

The couple live at 320 Bachman Ave., Los Gatos.

Her assistant in the class piano group at CUHS is Marian Gould, daughter of William Gould, San Jose State Journalism professor.

A cacorhythmic pounding next compelled our attention to the class of drum instructor Paul Lozar, also a Cambrian faculty member, and professional drummer with concert orchestras and dance bands in the area, who was teaching a class of beginners with the assistance of student Betsy Lassen. The group, too young and inexperienced to handle actual drums were receiving fundamentals of the instrument on wooden tables which produced the desired sound without accompanying volume.

We hurried along to the brass section, at the High School auditorium, where Ross Bergantz' trumpet class was just finishing a chorus of "The National Anthem."

Bergantz explained, during a break, that he was substituting for Ed Tonini, head of the brass department of the music portion of the high school program.

Tonini, he said, was playing in the band at Salinas rodeo, and would resume his duties probably next week. Tonini will be instrumental director at Campbell Grammar School this coming year, replacing Richard Gordon, who has joined the High School faculty for the fall term. Bergantz is vocal instructor at San Jose High School and has played trombone with Portland (Oregon) symphony. With his wife, Barbara, and two girls, Catherine and Cynthia they live in Los Gatos.

Similar instruction in brass, woodwind, and stringed instruments were being given in other classrooms of the high school.

Pupils were responding to the careful, stringed instrument instruction of Wallace Johnson and assistant Shirley Courtney. Johnson, musical instructor at Rosemary. Quito, and San Tomas schools is a 1950 graduate of San Jose State and a member of State and San Jose Civic Symphony orchestras. With his wife,Clara, he lives at 16C E, Hamilton Ave. They have been married 13 months.

Miss Courtney is a senior music student at San Jose State, studying for a special secondary credential in music. She plays Cello in the State orchestra. She lives with her parents at 1070 Lincoln Ave., in San Jose.

Woodwind instructor, Les Weagly is music instructor at Burbank and Franklin Grommar Schools during the school season. He has played clarinet and saxophone in theater and dance engagements in the San Jose area. His family, consisting of Marie, his wife, and daughters, Nancy, 4½ and Diane, 6, make their home in Willow Glen.

Special classes this year are the Rhythm through Drumming course which is open to all children, regardless of major instrument, and the social music course involving all types of folk music experiences with song, dance, uke, harmonica, and guitar.

The $15 fee, Chamberlin said is all-inclusive for students of all schools with-in the Campbell Union High School area. This includes bus transportation to and from points close to pupils' homes, he said.

Instruments are furnished by arrangement with local music stores.

Ardean Lynn Brown, son of Mr. and Mrs. Newton Brown of North Central ave. sailed July 15th for Bremerhaven, Germany, for a tour of duty with the U. S. Army.

RELIEF CORPS TO HOLD CARD PARTY

E. O. C. Ord No. 51 Women's Relief Corps will hold their monthly card party Saturday evening July 25 at 8:30 p. m. at the Legion Memorial Building, Los Gatos.

Mrs. Bill Henline, chairman, promises prizes and refreshments. The public is cordially invited to attend, she said.

LEGAL NOTICE

Sales will be held under Sects. 427-428 CVC at 8 a. m. Aug. 7, 1953, at 2081 Lincoln Ave., San Jose, to satisfy liens held at locations of vehicles shown: at 129 E. San Fernando St., San Jose, Pont. eng. N163572CAL, lic. 6F774; at 10371 N. White Rd., San Jose, Traveleer Trailer, Ser. No. 1451, N. M. lic. 7951. **Motor Service Assn., lien advertisers, 2081 Lincoln Ave., San Jose.**

RACHEL'S

REMEMBER—It's Smarter To Shop in Campbell

When we moved West we found out...

Gas and electricity are cheap in California

says Mrs. Marshall M. Carpenter, of Marysville, below

How P. G. and E.'s low rates save the Carpenters money

These are the appliances the Carpenters use in their home for more pleasant living—

The Carpenters' P.G. and E. bill (recent month) . . . $14.18

In their former home, the same amount of electricity and gas would cost $24.56

When the Carpenters came to California in 1952, they were pleased to find that gas and electricity cost much less here than in their former home. While most prices have doubled since 1938, P.G. and E.'s combined rates are actually *lower!* So let this bargain gas and electricity do more of *your* work . . . make your life more pleasant.

What's Going on in Our Hospitals?

III--MODERN MIRACLES

By LAWRENCE A. WILLIAMS, Science Writer

An Indian consulting his witch doctor about a persistent headache in the year 1400 A. D. was advised that a surgical operation would fix things up. Using sharp chips of obsidian, the doctor cut a hole through the top of the skull, allowing the evil spirit to escape. Then the medicine man tied a clamshell over the hole to keep the brain from bulging out.

Oddly enough, the patient recovered. We have his skull showing the healed bone. Such skulls have been found in Peru, in the Pueblos and along the Northwest Coast.

BARBER SURGEONS

In Europe at that time, barbers were performing similar operations, called trephinations. Doctors considered themselves above such bloody business. They would call in the barber first to bleed the patient, then, if that didn't cure him, trephining might be a last resort. (The barber pole, representing a bloody bandage, dates from that era.)

Only in recent decades have diagnosis and treatment of brain ailments changed much from such methods. Now the patient goes to the hospital for observation and tests. The doctor relies upon trained technicians in the hospital's laboratory to give him accurate reports on blood, urine and spinal fluid. If he operates, he may send a slice of tissue from a tumor for tests of malignancy, and receive the verdict before he completes the surgery.

Before deciding to operate, however, he will have the "brain wave" record of the encephalograph, giving important clues as to the nature and location of disturbance. He may have X-rays taken after dyes or radio-active isotopes have been injected into the blood supplying the brain. Many other tests may be needed.

Modern hospitals in which major surgery is performed must have available 24 hours a day thoroughly trained laboratory and X-ray technicians. Expensive equipment, much of it developed within the past few years, is required in these departments.

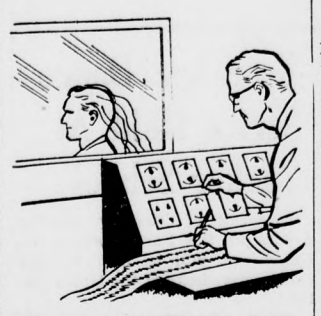
MODERN AIDS

Against our number one killer, heart disease, hospitals employ such diagnostic aids as the electrocardiograph and plastic catheters which slide through an arm vein into the heart itself to sample blood for testing. Dyes, isotopes and X-rays are used to study the heart and arteries.

Remedies include an arsenal of drugs, kept in the hospital pharmacy and in dispensing stations. Heart operations are being done today which were thought impossible ten years ago. A motor-operated, artificial heart is being used to keep the patient's blood circulating during heart surgery.

Congenital heart and artery malformations which once condemned many children to handicapped lives and early death are being repaired now in operations thought too risky only six years ago.

Similar advances have occurred in plastic surgery, chest and abdominal surgery, in orthopedic and other fields of surgery — largely due to the conquest of infection by the antibiotic drugs. California, surgeons in the 1870's were often skillful, but their patients too often died from infections. Even under aseptic practices infection made many operations hazardous.



Along with the antibiotics of the past ten years came improved drugs for controlling or preventing the clotting of blood, improved practices in matching, processing and utilizing blood and blood derivatives in transfusions, a wider selection of anesthetic agents, more general use of oxygen therapy, greater understanding of hormones, and many other advances.

MORE TESTS

Physicians are making more liberal use of laboratory tests and X-rays. A general hospital typical of its 300-bed class reports the number of laboratory tests increased from 39,000 in 1943 to 80,000 in 1952. In the same years the number of X-rays increased from 9000 to 20,000. Larger quarters had to be constructed for these departments, more trained technicians employed and new equipment purchased.

This all comes in one package. We can not have miracle surgery without modern hospitals equipped with facilities for diagnosis and treatment and staffed with trained workers.

The modern hospital is not a hotel for the sick — a place for the patient to sleep and eat between his doctor's visits — it is a dynamic concentration of special skills and supplies and facilities all employed under the doctor's direction to restore health to the ill. Our hospitals are doing this twice as efficiently as they were in 1940.

LETTERS TO THE EDITOR

Opinions expressed in letters to this department do not necessarily reflect the editorial policy of this paper.

July 21st, 1953

To the Citizens of Campbell:

During recent meetings of the Campbell Planning Commission I have observed a marked tendency toward closing off the further growth of Campbell by the lack of adequate commercial areas. I believe it goes without saying that a community must have adequate commercial areas in order to prosper and develop as a financially sound community. If the zoning ordinance as proposed by the Planning Commission is adopted it is my belief that Campbell will remain in its present state, and will not keep pace with surrounding communities, and will ultimately be annexed by a more progressive community which will in time come to our boundaries.

In support of the foregoing may I offer the following observations:

At one of the Planning Commission meetings it was pointed out from the audience that Campbell now has less commercially zoned property than it had under the county. In answer to this the Planning Commission advisor stated that this was probably true, but that no further commercial zoning should be made until a further statistical survey could be made of the area. He could give no time limit for which you could expect this survey to be completed. He could not say how much money would be needed for such an undertaking, but did say that $500.00 would be the same as having nothing at all. Are we to presume that persons who are willing to develop commercial areas now, will sit back and wait an undetermined number of months or years just to locate in Campbell? I think not; they must be convinced that Campbell is a progressive community or they will move to another area.

Upon the statement that persons are now willing to develop certain areas in Campbell, our Planning Commission's advisor stated, "There will always be investors". Is this the progressive type thinking which Campbell should have?

I see no possibility of providing adequate parking facilities for an expanding community along the now developed Campbell Avenue. I, therefore, suggest that Campbell needs to develop additional shopping and business districts, which will attract new business and new population to the area.

To provide such an area it should be done along the natural boundaries of a given area, namely the main arterial thoroughfares. Campbell has the following, which if allowed to grow will become the center of a greater, more prosperous city.

1. Campbell Avenue, both East and West of Winchester Road.

2. Central Avenue between Campbell Avenue and Hamilton Avenue.

3. Winchester Road, both North and South of Campbell Avenue.

4. Hamilton Avenue in its existing location and further routing as the growth of Campbell may project.

5. All of that area North of Hamilton Avenue and all that area South of Campbell Avenue as the natural growth of a new community may develop.

The aforementioned, if allowed to be, will become the main arteries of future Campbell development. We have today Winchester Road, which has a current traffic count in excess of 8,000 cars between the hours of 6 A. M. to 7 P. M., and which has undeveloped highway frontages, both North and South of Campbell Avenue, which are available for commercial development. This development as well as others cannot be under our present Campbell Planning Commission. Instead they propose that you line Winchester Road with single family dwellings and multiple dwelling units.

I would suggest that the foregoing mentioned areas should be zoned immediately to allow for commercial growth, but zoned with an "S" symbol in order that all development may be made in a uniform and orderly manner.

Campbell must provide adequate commercial areas for new business to enter the area. This new business must come with full confidence that Campbell is progressive, and are interested in its own welfare. Friends, we must repair the "Black Eye" which Campbell received under the County Planning, and with the able assistane of our Campbell City Council I am sure that we shall.

DALE W. AUSTIN

LETTERS TO EDITOR

131 Catalpa Lane
Campbell, Calif.
July 21, 1953

Campbell Press
Campbell, Calif.

Dear Editor,

I was very much distressed with the stand taken by the City Planning Commission on the zoning of Campbell. It was my opinion that one of the reasons for incorporation was to insure a healthy growth of this area to meet the needs of the people. Instead, we find that the planning commission, advised by Nestor Barrett, has given us to date less commercial area than we had when shackled by the county. Is this what the people of Campbell wanted when they voted for incorporation?

On the occasions that I have had to observe the Planning Commission in action, it seems to me that whenever anything comes up to further the development of business in Campbell, one member stands up and says, "I make a motion that we do not pass on this." Immediately, another member stands up and says, "I second the motion." Anyone in Campbell that thinks this is a big joke should sit in on a meeting of this body of men.

I would like to point out that some members of the Planning Commission are very good men for this job. But they are ham-strung by a few men who wish to keep business walled in a small area. Their reasoning is that added growth is dangerous to this section. My reasoning tells me that not to grow is dangerous. As it is, most of our citizens do their shopping elsewhere, and some of them even want to disincorporate because they dislike the zoning plan.

San Jose and the rest of the valley have been growing at a terrific pace. What makes this small group of men think that their 'walled" city won't day be consumed as the city of Willow Glen was? Or is this what they want?

Yours truly,
E. R. GARRISON

San Joseans Purchase Pierce Rd. Homesite

Mr. and Mrs. Schmidt of San Jose have bought acreage on Pierce Road and plan to build a lovely home.

The Schmidts purchased the property from Leroy and Rickey Halverson of Saratoga.

Quick Summer Color For Garden Flowers Torenia, Vinca Rosea

TORENIA VINCA ROSEA

Few annuals produce satisfactorily in summer shade gardens. For this reason the deep velvety blosson torenia fournieri is a delightful discovery for garden enthusiasts. Here is on 8" border plant that demands shade and thrives on summer weather. Requirements also include ample water and a loose soil well enriched with humus, such as would suit tuberous begonias.

The period of bloom depends on the first killing freeze as torenia plants generally are in bloom when transplanted and continue until winter-killed.

Vinca rosea, also called Periwinkle, is on the opposite side of the garden. According to the Bedding Plant Advisory Board, vinca rosea thrives on full sun and hot weather. Under such conditions it produces a profusion of 1" flat-petalled blossoms in bright rose and pink throughout the summer season. Given ample water and loose rich soil, vinca rosea plants grow one of the richest green est crops of foliage produced by any annual. Growth varies widely accordingto the weather and climate but averages a good foot tall. Since the bushy plants with their glossy, laurel-like leaves are rarely troubled by pests or disease, they deserve an exceptionally hearty welcome from home gardeners.

Breaking The Age Barrier

The speed of jet planes has been stepped up to the point where one can be flown around the world before it becomes obsolete.—Bristol Herald Courier.

Rev. J. Bennetts Return To City After 8 Years

Rev. Joseph Henry Bennett, former minister of Campbell Congregational Church, after an eight year absence has returned to Campbell and now makes his home with his wife at 109 Poplar Ave.

Mrs. Bennett will teach third grade at new Hamilton School when it open in the fall, and Rev. Bennett, though semi-retired intends to enter personnel work in the San Jose area.

Rev. Bennett came to Campbell from London in 1927, lived here until 1945 when he assumed a pastorate at Loomis, California. His next assignment was at San Francisco, where he was called to supervise construction of a new church. Ill health forced him to leave the port city and he next settled in Cloverdale as pastor of the Congregational Church there.

While in Campbell Rev. Bennett was active in area youth movements and was especially known for his work with area boy and sea scouts.

LOVELY LA NORMA who doubled for Betty Hutton in Cecil B. DeMille's Academy award movie, "The Greatest Show on Earth," is among the many exciting new features of this year's 10th annual Santa Clara Valley Shrine Club-Polack Bros. Circus at San Jose Auditorium during the week starting Thursday, July 23, and ending Wednesday, July 29.

COUNTY HEALTH BUILDING HOLDS OPEN HOUSE

Santa Clara County Health Department Building at 220 Moorpark Ave will be open for public inspection Saturday July 25 from 2 to 5 p. m., according to Dr W. Elwyn Turner, director of Public Health.

The $510,000 reinforced concrete building was designed to meet the needs of the county as the primary health center for many decades, and includes complete facilities for administration, sanitation, statis- laboratory, and nursing divisions as well as 2,176 square feet of autics, health education clinic and ditiorium with a 150 person capacity, Health officials said.

In addition to the special needs of the various divisions of the department, adequate conference rooms and storage space has been provided.

County Health officials said the staff members will be on hand to guide visitors through the plant and point out various features.

INAL DEFECTIVE

CONNIE SILVIA AND EDWIN LONG UNITED IN ST. LUCY'S NUPTIALS

In a gown fashioned with long sleeves and fitted bodice of imported lace over satin and an entrainder skirt of lace with tulle instrts, Connie Marie Silva approached the floral appointed altar of St. Lucy's church to become the bride of W. Edwin Long with Rev. D. Kennelly officiating. The gown was accented with a juliet cap which secured a finger tip veil, and she carried a bouquet of Lilies of the Valley, centered with a spray of "Flower of Love."

Attending Connie as maid of honor was Laura Peterson of Campbell, wearing a ballerina length gown of jewel tone silk, with matching head band and carrying a bouquet of red roses.

Bridesmaid duties were performed by Rene Whirling and Shirley DeLonardo in ballerina length gowns of orchid and carrying yellow roses.

Little Dona Rene Louretta, flower girl, wore a petal pink dress with bouffant skirt and carried a miniature basket of red roses.

Mark Smith fulfilled best man duties, and John Mitchell and Robert Ledum served as ushers.

"On This Beautiful Day" and "Ave Maria" were sung by Corinda DeLonado, accompanied by Mrs. W. Shad.

For her daughter's wedding, Mrs. Silva selected a navy silk suit with navy and white accessories, with a white corsage. Mrs. Mary Jane Perry, mother of the bridegroom, wore a grey-blue suit with white accessories and pinned on with an orchid corsage.

Following the afternoon ceremony, the couple greeted guests at the reception held at Villa Filice, where the young couple cut a four-tiered wedding cake.

As a traveling ensemble, Connie chose a slate-blue suit with white accessories, complemented with an orched corsage.

Connie is the daughter of Mr. and Mrs. Joseph C. Silva of Harrison ave. and Edwin is the son of Mrs. Mary Jane Perry of Winchester road. Both Connie and Ed attended Campbell schools and on their return will reside in Campbell.

IOOF Install New Officers

Mr Wm. Stoutimore was installed as Noble Grand of Morning Light Lodge 42, IOOF, in ceremonies held in the Campbell hall.

Other officers installed by Deputy Grand master Larry Faulkner, aided by deputy marshall were Byron Brown, Edward Smith, Hugh Nelson Jr., Gilbert Handley, Harley Poore, Malley Dorsett, S. G. Rice, Ross Nielson, Ralph Gardner, Robert Crowley, Donald Rice, and Elvert Weeks.

Fred Jones Jr was installed as Past Grand.

Campbell Register

A vacation trip to Ben Lomond was enjoyed by the Andy Radoniches of Nelson Way recently. Accompanying Mr. and Mrs. Radoniches was their oldest daughter Sandy.

Mr. and Mrs. Harrie Gracier of Maple ave., accompanied by the young Gracier's, Donna, Diane and David, enjoyed a week's vacation at Camp Richardson at Lake Tahoe.

Mrs. E. E. Frey has returned to her Campbell home following her recent trip to the Evergreen State. While in the Northwest, Mrs. Frey enjoyed a visit at the home of her son at Sunnyside, Washington.

Mrs. M. E. Denning of Alice Way, recently journeyed to Martinez to attend the wedding of her cousin.

Mrs. Dull and Miss Carr of Pomona have been recent guests of Miss Helen Owens of Harrison ave.

Departing for Lake Tahoe on August 1st will be Mr. and Mrs. G. Gleed of Harrison ave. They plan on a two weeks vacation enjoying a leisure rest in the Lake Tahoe area.

The Hotel San Carlos at Carmel was the locale chosen by the Greenbrook family of North Harrison for their recent vacation. Mr. and Mrs. Greenbrook were accompanied by their two children, Poy and Norman.

Mr. and Mrs. J. E. Coffey of North Central ave. have just returned from a three weeks tour of Texas. They attended family reunions at DeLeon and Haskell and enjoyed side-trips to Fort Worth and Clovis, New Mexico.

Mr. and Mrs. Keith Bobb and daughter Nadine of Alice ave. have departed for a two weeks vacation in Southern California.

Mrs. Sidney Fordon of Campbell has departed for a two weeks stay at Catalina.

The Jim Delias of E. Campbell Ave. have returned from a vacation trip to Lake ahoe.

San Tomas Improvement Club will hold its regular meeting in the Smith rumpus room on San Tomas Road Thursday evening, July 23, to discuss further plans for the ice cream social to be held at the Smith place Saturday evening, Aug. 8.

Mr. and Mrs. Harry A. Smith with daughters Alice and Margaret and son Ernest returned last week from a 7,000 mile motor trip through the middle west and the South.

At Pensacola, Florida, they enjoyed a visit with their daughter-in-law, Mrs. Virginia Smith, and their small grand-daughter, Leslie. High light of the Florida visit was a fishing trip aboard a shrimp boat. The family encountered excellent roads throughout the whole trip, they said.

The Official board of the Methodist church elected Frank Blaine as chairman and George French, vice-president at their June meeting.

A very successful block party was held at the home of Mr. and Mrs. James De Friest on Camden ave. recently. While the parents discussed the plans for the community, the children were entertained at the Harry Sullivan residence.

Susan DeLisle, six year old daughter of Mr. and Mrs. Warren DeLisle of Woodard road, won third place in the PeeWee class at the National Baton Twirling association championship at Pasadena.

Susan competed with twenty youngsters from various states in this National contest.

Mr. and Mrs. C. E. (Brad) Bradley of Campbell recently spent two weeks on a fishing trip and vacation at Buc's Lake. Charles Payne, father of Mrs. Bradley also went along.

Mr. and Mrs. Dan Swihart and so nEddie of Covina, Calif. spent the week end visiting with Mr. and Mrs. Charles Bradley of Foote St. The Swihart family were on their way hom efrom a trip into Canada.

LOCAL COUPLE GIVE VIEWS ON AUSTRALIA

First hand impressions of some aspects of life in Australia were given this week by a Campbell couple who returned last Sunday from the land "down under."

Mr. and Mrs. A. E. Bryden, of 71 E. Campbell Ave. on the return trip spent a one month visit with their daughter Mrs. Nora Ogren, in Hawaii, whose husband is a U. S. Nacy doctor now serving in Japan.

Bryden, a production manager and superintendent for a Melbourne Canning concern, in comparing Australia and American Fruit, said Aussie pears were larger, better shaped, sweeter and better all around, but that apricots and peaches lack the color and sugar content of the California varieties.

Australians have great quantities of American machines and the technical ability to operate them. Bryden thought, however, that production was somewhat handicapped by strongly unionized labor, which strikes for trivial matters, and which must use company time for morning and afternoon "tea" sessions.

Bryden said he was impressed with the country's vast potential for industry.

He said that as far as he could tell, there was unlimited land, water and labor.

His strongest criticiscm concerned the parking problem which he termed "awful". Parking facilities have not kept pace with the number of cars, he said.

It is common practice, according to Bryden, to drive to the outskirts of cities and then take "trams" to conduct business within the city.

Bryden, former superintendent of Hunt's, Drew's and Shuckel's in Sunnyvale ,said he was undecided about going back for the next canning season.

Teen-Age Dance Series Held At Parker School

A series of Tuesday evening dances at the Parker school on Union ave. will be held for the teen-age students of the Union district.

The events will feature Bob Ostermeier and the Rhythm Minors, an orchestra composed of high school students.

There will be a small admission charge for these dances which incidentally, are being arranged as a part of the recreation program and will be conducted in accordance with the school rules.

Ada Rebekahs To Install Officers

Installation of officers of Ada Rebekah Lodge will be held at the home of Mrs. Eugene Hodges, July 23.

Mrs. John Morley will preside at this meeting. Mrs. William Wrigglesworth will be installed as incoming president.

Fall Date Set For Jeffers-Aby Wedding

A fall wedding date has been set for Rex Jeffers, son of a Campbell business man and Betty Aby, of San Jose.

The couple will be married October 11 in the Calvary Methodist Church in San Jose with Rev. James Strayer officiating, according to plans announced by the couple this week.

Rex is a graduate of Campbell grammar and High Schools and attended San Jose State. He served with the U. S. Navy in China for two years and now works with his father at Jeffer's Men and Boy's Wear Store on E. Campbell Ave. He lives with his parents, Mr. and Mrs. George Jeffers of 251 California Street.

Miss Aby, while born in Illinois has lived most of her life in San Jose and attended San Jose Schools. She presently works for the J. C. Penny Co. in San Jose.

Details of reception, honeymoon location, and future place of residence have not yet been worked out according to the couple.

NEDW Install Mrs. W. Whitton

Mrs. Wade Whitten was seated as president of the San Jose parlor 81, Native Daughters of the Golden West at the C. W. C.

Mrs. Peter Yerkovich of Alice ave. is past president.

The installation ceremony was conducted by the deputy grand president, Mrs. J. Wm. Hatch.

Flying Leathernecks Off For Summer Camp

Maries from the Campbell area who will join Marine Reserve Fighter Squadron 141 for the annual summer maneuver at Marine Corps Air Station, El Toro, California include the following:

ESgt Robert W. Marotz, 676 Downing Ave:; Capt. Keith F. Pritchard, 101 South San Jose, and Sgt. Fred O. Hawkinson, 20 South San Jose.

The area's "Flying Leathernecks" will join fourteen other Marine Reserve Fighter Squadrons from practically every large city west of the Mississippi River.

The pilots will be trained in close air support, glide bombing, air-to-air combat, air intercept work, navigation and rocket firing.

Ground training for the pilots includes trips to the aircraft factories in that vicinity where they will see many of the new type aircraft in production.

LOCAL SCOUT TELLS ABOUT JAMBOREE

By Arthur Hill

IRVINE RANCH, Calif—On the way to Irvine Scout Ranch near Santa Ana to attend the National Jamboree we stopped in Bakersfield for lunch. The temperature was 10 4degrees. We arrived at the Jamboree at 7 p. m. and quickly set up our equipment. The boys in camps adjoining ours are from Utah, Nevada, Canada and Pennsylvania.

It is really a great experience to meet boys from every state and 17 countries.

Friday night the Jamboree was officially opened with a mammoth show on the westward movement, that had a cast of 3,000.

At the present time there are 50,000 Jamboree Scouts and 25,000 visitors. One of the interesting activities of the Jamboree is the swapping of Santa Clara Valley things for objects from everywhere else. Tonight the boys from our region are going to be in the audience for a nationwide television program.

CITY TO FORM DEMOCRATIC CLUB

Jack Chargin of Campbell announced today that Democrats in the Campbell area are planning to form a local political organization They will hold an organizational meeting at the Campbell high school, room 84, on Tuesday evening, July 28, at 8 p. m.

Chargin pointed out that new Democratic clubs have been springing up all over the northern end of Santa Clara County in recent months but that there has never before been one in Campbell. "People her etoo want an active local Democratic group," he said "so the obvious answer is to have one."

New Rules Allow Increase Of Prune Defects

The U. S. Department of Agriculture has announced approval of superseding grade regulations for prunes for the crop year beginning August 1, 1053, according to word from R. W. Jewell, Manager of the Prune Administrative Committee which administers the Federal Prune Marketing Order.

Jewell stated that the Committee had recommended these rgulations changing the present quality specifications set forth in Exhibit A of the Marketing Order. The new specifications will reduce the present tolerance allowance for glariing defects from 10 percent to 8 percent, and the tolerance allowance for small end cracks is increased to allow up to 4 percent more of these minor defects than the present 10 percent allowance, but to get full advantage of this increase, glaring defects must be kept below 6 percent.

Chargin will serve as temporary chairman.

ORIGINAL DE

LEGAL NOTICE

ORDINANCE NO 38
AN ORDINANCE OF CITY OF CAMPBELL AMENDING ORDINANCE NO. 33 OF CITY OF CAMPBELL, BEING AN ORDINANCE REGULATING SIGNS, BILLBOARDS, MARQUEES, CANOPIES, AWNINGS AND STREET CLOCKS, BEING PART OF ARTICLE V, ENTITLED PUBLIC SAFETY, ALL A PART OF THE CAMPBELL MUNICIPAL CODE.

The City Council of City of Campbell does ordain as follows:

SECTION ONE: That Section 15:67 entitled "street clocks" of Ordinance No. 33 of City of Campbell being an ordinance regulating signs, billboards, marquees, Canopies, awnings and street clocks, being part of article V entitled public safety, all a part of the Campbell Municipal Code, be and the same is hereby amended to read as follows to-wit:

SECTION 15:67 **Street Clocks.**

(a) Definition.

Street clocks as regulated by this ordinance shall mean any timepiece erected upon a standard upon the sidewalk, or on the exterior of any building or structure for the convenience of the public and placed and maintained by some person for the purpose of advertising their place of business.

(b) Construction.

(1) All street clocks as herein defined shall be constructed of incombustible material, including the frames, braces and supports thereof.

(2) Regulation of Size of Dial. The dial of such clocks shall be not less than eighteen (18) inches nor more than forty (40) inches in diameter.

(3) Requirements on Glass. Any glass forming a part of a clock or the sign thereon shall be safety glass or plate glass at least 1/4 inch thick and in case any single piece or pane of glass has an area exceeding three (3) square feet, it shall be constructed of wired glass, securely held in place.

(4) Movable Parts to Be Secured. Any movable part of a street clock, that is, cover or service opening shall be securely fastened by metal hinges.

(c) Location.

(1) Clocks Erected on Walls. Clocks supported on the corner of any building or structure at the intersection of two (2) streets, shall not be less than fifteen (15) feet or more than twenty (20) feet above the sidewalk, and shall not project from the face or the wall of the building or structure, in any direction, more than five (5) feet.

(2) Clocks erected on Sidewalk. Every clock erected on the sidewalk shall be supported upon a post of ornamental design, the total height of which shall be not less than fifteen (15) feet, shall be not more than twenty (20) inches from the outer edge of the curb, and shall be at least twenty (20) feet from the point of intersection of the lines of any street, measured parallel with the street.

(d) Erection.

(1) Clocks Erected on Walls. All clocks erected on the exterior of any building or structure shall comply with the requirements set forth in Section 15:61 regulating wall signs, or Section 15:63 regulating projecting signs in all respects concerning erection, whichever applies.

(2) Wind Pressure and Dead Load Requirements. All street clocks whether erected on exterior walls or on the sidewalk shall comply with the requirement of Section 15:50 of this ordinance.

(e) Limitation on Permits, Clocks on Sidewalks.

Any person erecting a street clock on any public sidewalk shall obtain the special written permission of the City Council in addition to all other permits required hereunder.

(f) Limitation on Permits, General. No persons shall be permitted to erect more than one street clock as herein defined for any place of business, at any one location.

(g) Advertising Permitted.

No advertising matter shall be permitted on said clock, other than the name of the owner, proprietor or manager of the place of business erecting and maintaining the same, without approval of the City Council.

(h) Must Keep Accurate Time.

Such clock shall keep accurate time, and if the condition is not complied with, the clock shall be promptly repaired or removed.

Passed and Adopted this 20th day of July, 1953, by the following vote:

AYES: COUNCILMEN: Arends, Dahl, Gomes, Jensen, Morton

NOES: COUNCILMEN: None

ABSENT: COUNCILMEN: None

APPROVED:
RICHARD W. MORTON
Mayor

ATTEST:
DOROTHY TREVETHAN

More About Profile of the Week

(Continued from page 1)

worked for the C & H Sugar Refinery in Crockett until the summer of 1934.

During this time he attended classes at the University of California on a part-time basis, working toward his General Secondary Credential, and in August, 1931 he married the former Josephine Pimentel of San Jose and in May, 1934 their first child, a daughter Janis, was born. Henley attended San Jose State College in the summer of 1934 through the summer of 1935, with the financial help of his wife and a part-time job at the college, securing the General Elementary and Junior High teaching credential.

He went to work for the Ambrose School District in Contra Costa County as its first man teacher, where he stayed for three years and in the meanwhile attending summer schools in San Jose and part-time classes at the University of California to secure his Administrative Credential.

In March of 1938 their second child, a son, Jerry, was born and in June the family moved to San Jose to take over the principalship of McKinley School in Santa Clara County. After remaining here three years, in 1941 the Henley family now complete moved to Mountain View where Mr. Henley took over the principalship of the Whisman School, near Moffett Field.

School started in September only to find the school was nearly twice as large as it had been when it closed the spring before. Thus the experience of growing schools began in earnest for this school administrator. This country entered World War II the following December and the Whisman School, being adjacent to a mili tary base, had many varied and interesting experiences.

After the third stretch of three years, the Henleys again moved to the community of Campbell where they have now been for nine years. Their children are rounding out their school experiences in Campbell.

Growing school situations have continued for them. There was but one school with approximately 1000 students upon the Henley's arrival. Starting in September there will be eight schools estimated at 4200 students.

Professionally, Henley is working for his doctoral degree in educational administration at Stanford University Among others, he belongs to the Campbell Teachers' Association, California Teachers' Association, Association of California School Superintendents, Phi Delta Kappa—educational fraternity, California Association of Elementary School Administration. In connection with the latter organization, he is a member of the state wide committee currently making a study of elementary school needs.

Community wise, he belongs to Charity Lodge 362 F. & A. M., Campbell Chamber of Commerce, former Campbell District Advancement chairman and former chairman of Campbell District Committee of Boy Scouts of America and currently a member of the Committee for Boy Scout Troop No. 28.

He has served on the Board of Directors of the Campfire Girls, Campbell Red Cross, Community Service Fund, he is currently a member of the Recreation Commission, a member and past president of the Campbell Kiwanis Club, a member of the Board of Directors and Executive Committee of the Goodwill Industries of Santa Clara County.

WINNERS . . . of Campbell Grammar School costumed "Hobo Day" last week were chosen at a coke and hot dog party following the contest in which 40 area children participated. Winners above are left to right Bob Jones, Kurt McGill, Mary Brown, Jackie Merrill, and Pamela Scoffield.

MOUNTIES PRAISE LOCAL POLICE

The following letter from the Royal Canadian Mounted Police "E" Division Victoria, B. C., was received by Campbell Mayor Richard W. Morton commending the cooperation and assistance of Campbell Police Department in the capture of Mr. and Mrs. Cecil Sampson, wanted in connection with the murder of Chew Deb.

"Mayor Richard W. Morton,
City of Campbell,
California, U. S. A.

My Dear Sir: Re: CHEW DEB-Murder of (259) CCC
(Duncan Detachment Case)

The co-operation and assistance rendered by Sr. Officer Robert J. Locke, Patrolman Jerry F. O'Connell, and Patrolman Louis Doolittle of your Police Dept., which resulted in Cecil Christopher Sampson and Edna Sampson and Edna Jimmy being returned to Canada, and both charged with the murder of the above named Chinese, is most commendable.

The alertness and attention to duty displayed by your Officer O'Connell is deserving of special mention.

Would you kindly convey my appreciation to the members of your Police department.

Yours truly,
C. E. Rivett (Carnac) A/ Comm'r.,
Commanding "E" Division.

Rev. Ernest Tremayne, pastor of Cambrian Park Methodist Church, with his wife, and family, are at Camp Sierra, attending a family camp.

During the pastor's absence, Ezelle Cox of San Jose, is guest minister.

Grammar School Children To Attend Circus

Highlight of last week's activities at Campbell Grammar School playground was "Hobo Day" in which 40 costumed children participated.

Jack Merrill, Marv Davis, and Pam Scovill and Kurt McGill were chosen as winners at the coke and hot dog party which ended the affair.

"Circus Week" is the theme of this week's activities and will be climaxed with a trip to the Shrine Circus next Monday. According to instructors the first 50 to sign up at the playground may attend for the special price of 50 cents. Friday noon is the latest entries will be accepted, they said.

Daily activities attended by 30 to 50 children include crafts and outside activities such as group games, baseball, kickball, ping pong, apparatus and free expression consume a large part of the daily program. Crafts are offered each afternoon at 1 p. m. and are usually followed by folk dancing or a short movie.

Events Planned For VFW Group

Coming activities of Campbell Chapter, Veteran's of Foreign Wars include a picnic at Longbridge, a meeting of the Chatter Girls, a rummage sale and a district meeting at San Juan.

A club spokesman reported the success of a recent bingo party at Agnew State Hospital, sponsored by the local organization.

Sunday July 26, is the date set for a family picnic at Longbridge. Early arrivals will be served coffee at 7:30 a. m.

The Chatter Girls will meet at Ernestine Jones, 2136 Homestead road, August 30, a spokesman said.

For information on the organizatinon's rummage sale August 28-29 members are asked to call Ona Chubb. Card party at Chubb's July 12 was a reported success.

Club members also said there would be a district meeting at San Juan August 10.

Local Merchants Meet Burbank Leaders Tonight

Campbell Merchant's Stamp Association meet the first place Burbank Youth Center nine in a Little League gigantic at 6 p. m. tonight on Campbell Elementary School Field.

A win for the locals will keep them in the running for the title but a loss would put them four games behind with only eight contests left on the schedule.

However, the Merchants have handed the Youth Center two of the three losses on its season's record, beating the league leadrs 3-2 in Campbell and 3-0 in Burbank. Jerry Bringuel, ace of the home mound staff, will oppose Ronnie Axevedo, Moreland School product, and the league's top hurler.

Last Monday evening the Merchants had their five game win streak brough to a sudden halt as th eBurbank Rotary squad rallied for four runs in the fifth inning to down the locals 5-2 at Burbank. Gary Brown was the losing pitcher.

In Campbell last hursday night, Jerry Bringuel, Union school star, limited the Burbank igers to one hit in pitching a 2-0 masterpiece. Bringuel struck out nine and gave up but three bases on balls, one of these on instructions from Manager Merv Willoughby.

On Saturday Western Gravel's Campbell Pirates will meet Burbank Rotary at noon on the Burbank Little League Field.

The Pirates will be trying to snap a six game losing streak that has them deep in the league cellar.

LEAGUE STANDINGS

	W.	L.	Avg.
Burbank Youth C'ter	10	3	.769
Burbank Rotary	8	5	.616
Campbell Merchants	6	5	.545
Burbank Tigers	6	7	.462
Burbank Lions	5	8	.385
Campbell Pirates	2	9	.182

Cambrian School Contributes To Care Agency

The Cambrian School in Campbell was among 60 Northern California schools which contributed to CARE, the package-sending relief agency, during the 1952-53 school year, according to an announcement today from the CARE office in San Francisco.

The CARE announcement commended the students for their generous donations toward assisting the less fortunate people overseas. Unselfish actions such as these, the statement continued, are promoting friendship around the world and have made CARE a synonym for American generosity and goodwill abroad.

The Sixth Grade of the Cambrian School contributed $10 to CARE for relief overseas. The total contribution from schools in Northern California was $1,613.00.

The school contributions represent more than 6,000 pounds of food, textiles, books and tools distributed by CARE to needy individuals, schools and orphanages in Europe and Asia.

MANY EVENTS KEEP CAMBRIAN CHILDREN BUSY

Once a week, a surprise treat is given to children attending Cambrian recreation program and it may be today! On the other hand it may not be until tomorrow or again Monday, according to directors, Nancy A. Jarrett and Walter Owen. Already, they said, a watermelon party and a home made ice cream party have been given, and were much enjoyed by the children.

Every day is a pleasant day, judging from the interest shown by area youngsters in the various sports, crafts, and games that comprise the daily activities.

Sports such as archery, baseball, badminton, bowling and tetherball engross the children during cool morning hours. Crafts such as the making of bracelets, lanyards, ceramic figures, novelties in the form of planters, ash trays, vases absorb the children during the afternoon.

For those interested in mental diversions, social games, such as checkers, monoply, chinese checkers, bingo, and chess provide an outlet and maintain a high level of interest, instructors said. To send the children home in a relaxed mood, instructors usually close the day's activities with a movie.

In addition to the daily activities, a wrestling instructor appears on Tuesdays to give instruction, and on Wednesday's a special Hollywood movie production is shown for a five cent charge. A social which usually includes a dance is scheduled for Wednesday evenings prepared for teen agers by a dance committe.

Instructors said three successful dances have been held so far. This week a barbeque dance will be held at Alum Rock Park. Busss will leave the school playground at 7:30 and return at 10:30 p. m. instructors said.

Friday is the day planned for Cambrian excursions. A swimming party is scheduled for this week.

LETTERS TO EDITOR

Opinions expressed in letters to this department do not necessarily reflect the editorial policy of this paper.

District Attorney
San Jose, California
Dear Sir:

As a member of the Commission of Education of the Methodist Church of Campbell, and as a parent and civic-minded citizen, I wish to strenuously protest the type of picture being shown in the Campbell Theatre. Such films are not only degrading for adults, but are corrupting the minds of our youth. Members of our commission have checked and found minors attending the showing of these lascivous films. We feel it our duty to try to protect these children in their formative years.

Our community has not yet lifted its head from the sorrow brought to it a few years ago by the disappearance of one of our finest High School girls, at the hands of a pervert from another community.

Can you wonder why we will not stand by and let a local business profit by educating our youth and weak adults, in depravity and perversion?

We implore you to use your influence in putting a stop to this kind of film being shown in our city.

Sincerely yours.
WILLIAM BEYER
cc:: Campbell Theatre
Campbell City Council
Campbell Press

The CAMPBELL PRESS is striving to print all the news. If you know of something we're missing, pass it on to us.

The free barbeque at Alum Rock park is a last week example of the type of excursions arranged for members of the program. A nature hike is proposed for next Friday's program.

Playground instructors Nancy Jarrett and Walter Owen are members of Cambrian school faculty during the school season. Miss Jarrett teaches kindergarten and Owen is a sixth grade teacher.

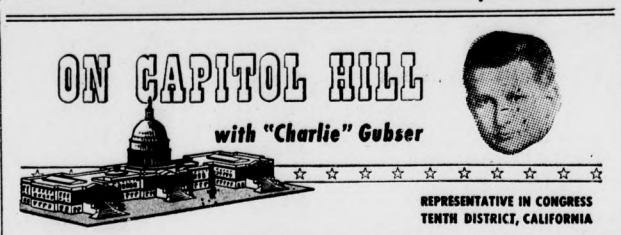
ON CAPITOL HILL

with "Charlie" Gubser



REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

As you read this the 83rd Congress will supposedly be winding up the next to the last week of its first session. Congressmen, like most human beings, seem to leave their most important work to be done in the last minute. For example, just last week the Committee on Post Office and Civil Service, of which I am a member, commenced hearings on postal rate increases. This is an extremely complex subject which should have been discussed earlier in the session, but Postmaster General Summerfield and his new team had been unable to submit their recommendations earlier. So, with adjournment but two weeks away, we must decide whether your three cent stamp will cost you 4c; your airmail 7c; and whether second, third and 4th class rates shall be raised.

The Postal Department loses close to $2,00,000 each day that it is open for business and P. G. Summerfield feels that it should come closer to balancing its budget. Much of this deficit is caused by low second class rates (newspapers and magazines) which don't begin to pay their way and cost the taxpayers $241,000,000 per year. in fact, as you receive your weekly copy of Time or Life or even the monthly copy of Readers' Digest, for every dollar that the publisher has spent to mail you that magazine, you taxpayers have contributed $10.00. It is also interesting to note that the farm subsidy program since its inception in 1933 has lost $752,106,888, while during the same period subsidies have been paid to publishers in an amount over three times as great—$2,467,918,250. Postmaster General Summerfield has only recommended increases in the amount of 9% of the second class deficit and has yielded to the argument that newspapers and magazines are educational material and deserve a subsidy—my opinion is that if they deserve a subsidy, why don't we call it that and appropriate the money honestly through our appropriations committee instead of hiding behind a postal deficit.

This hearing has been packed with drama and has been marked by extreme discourtesy to a member of the Cabinet. Ironically, the discourtesy to the Republican Postmaster General has come from the Republican side of the aisle. Thanks to the dilatory tactics of the above mentioned Republicans who seem bent on blocking the administration's program, we may not have action on the bill this session. But at any rate, both sides of the aisle will be in favor of awarding Arthur Summerfield a big "E" for effort.

Last week President Eisenhower honored our 83rd Club (new Republican members of Congress) by accepting our invitation to dinner at a local hotel. He had accepted only two evening dates since his Inauguration and this made the third. We like to think he singled us out because the younger members have been his best supporters. There were no microphones on the table and no reporters present and the President seemed to thoroughly enjoy the relaxed atmosphere. My further impressions of Mr. Eisenhower verify my earlier belief that he possesses some of the highest moral standards that a human being can have. Some may honestly disagree with his philosophy and policies, but no one here on Capitol Hill has yet challenged his initegrity and morality.

FROM THE SUBLIME TO THE RIDICULOUS . . . An inscription on the National Archives Building (which houses the Declaration of Independence) says, "The Past is but Prologue". A Washington cab driver says it means, "You ain't seen nothin' yet." . . . . It took me twenty minutes to write this. While I was writing it the Postal Department lost $42,000. Shocking, isn't it?

INAL DEFECTIVE

EDITORIAL — (Continued from page one)

range planning. To keep pace with adjacent communities, it is imperative that the planning commission allow prospective businessmen the opportunity of selecting from several business areas within the city limits of the City of Campbell.

Under county administration of Campbell planning, it was recognized that Campbell did not have sufficient business zoning. After a full year of study and work on the part of the commission, that condition still exists. And the commission seems adamant that Campbell shall have no more commercial zoning than a portion of Campbell Avenue and a small frontage on Winchester Road together with several scattering parcels of property that had previously been spot-zoned for business.

After interviewing interested persons and seeking their help and suggestions, we find that they are nearly unanimous in their wishes to see all of Campbell Avenue on both sides zoned commercial together with all of the property facing Winchester on both sides from city limit to city limit; all frontage on San Jose-Los Gatos Road that lies within the city, and all of Central Avenue north of Campbell Avenue to the city limits.

Business zoning as set up at present will retard the natural growth of Campbell instead of permitting the city to realize its full potential. The older business section of Campbell is protected to the extent that it will be almost impossible for new business development in any other section of the city.

We do not believe that it is the intent of the city council to stifle the growth of this area. We believe, however, that the commission, under the leadership of Nestor Barrett is guilty of short-sightedness, to the degree that they may retard the normal growth of Campbell for a number of years.

District Governor Will Visit Rotary August Third

L. W. Harmon, Program Chairman of the Rotary Club of Campbell, announced this week that

Wallace S. Myers

Wallace S. Myers, Governor, District 155, of Rotary International, will pay his official visit to the local Rotary Club on August 3, 1953. Emerson M. Arends, President of the local Rotary Club, will preside at the meeting.

There are approximately 7774 Rotary Clubs in 86 countries around the world. The administration of Rotary is accomplished through the Club's officers, a Board of Directors and 212 District Governors. District 155 is composed of 45 clubs extending along the Northern coast of California from Arcata down to Watsonville and Hollister.

Myers will conduct a club assembly of the officers, directors, and committee chairmen of the local club at 10:30 A. M. on August 3, 1953, and at the usual luncheon hour, will address the club on Rotary objectives.

DAN KNOWLES HAS LEAD IN C.O.P. PLAY

Dan Knowles is cast as the leading tenor in the popular light opera hit "Brigadoon" which opens next Thursday evening at the College of the Pacific in Stockton. He is the son of Mr. and Mrs. J. W. Knowles of 140 West Rincon Avenue in Campbell.

Though Knowles is a music major now in his senior year at San Jose State College, this is the first time he has been in any type of musical production. He has four solo numbers including "Almost Like Being In Love" and "From This Day On."

This recent Broadway hit was written by Allen J. Lerner and Frederick Loewe, and was first produced in 1948. Based on the adventures of two young American travellers lost on the hazy moors of Scotland, it presents a musical fantasy envolved around an ancient Scotch legend. By chance, the two youths stumble into the enchanted city of Brigadoon. According to legent, Brigadoon rises once every century from the misty moors. It is there that "Tommy Albright" (Dan Knowles) falls in love with a beautiful maiden from that enchanted city.

The Pacific Music Camp is sponsoring this operetta in which 100 people are involved including the principals, chorus, dancers, and members of the orchestra. The first performance opens at 8:30 p. m., July 23. A second show will be presented the following night. Music students in "Brigadoon" come from all parts of California, Oregon, Nevada, Washington, and Ohio.

KIWANIS HEAR HISTORY OF U.S. AIR FORCE

Campbell Kiwanians were taken back into the history of aviation and its connection with the armed services when speaker Colonel Dave Leigh (ret) related his experiences with the air service and with his two years spent with Billy Mitchell back in the days when two planes were the entire air force.

Colonel Leigh (Past president of the Los Gatos Kiwanis Club) retired from the armed services after thirty years of flying, from the time when the army required a plane to fly forty miles in one hour to qualify for service, right up to present day jets that travel faster than sound.

Bob Hamsher was the only visiting Kiwanian, and Fred Jones had Harry Story of Campbell as guest.

Next week's meeting will be Jim Avilla, now president of Willow Glen Club, as speaker. He is slated for a report on the International convention at New York.

Mrs. L. C. Fairchild of North Second st., has been entertaining Mr. and Mrs. Harry Bickerstaff of Chicago, Illinois, who were accompanied by their son Richard.

Mr. and Mrs. A. H. Anderson have had as house-guests, Mr. and Mrs. L. R. Hickenbottom and daughter-in-law Eilene, of Eugene, Oregon.

CAMPBELL FROZEN FOOD LOCKER SAYS:

Price of Choice Beef Declines

Locker patrons at Campbell Frozen Food Lockers are finding top-grade, grain-fed choice beef is at a price right now which makes steak for dinner extremely reasonable.

Because of a plentiful supply of cattle on the market right now, they are able to offer their patrons a good deal in buying beef wholesale for their lockers at the plant. Beef bought by the half or quarter results in a real saving, which will allow badly needed dollars for something extra — for something a family might not have felt it could afford.

Campbell Frozen Food offers its customers many fine services, such as locker rentals, refrigerated storage, meat processing for both locker renters and home freezer owners.

The meat cutters at Campbell Frozen Food Lockers are the best in the business and can cut meat just as the customer orders.

Campbell Frozen Food is constantly studying food freezing and processing methods. All meats are double-wrapper with the very best waxed paper obtainable by professional wrappers.

Nothing is new in the business the company doesn't know about, but no process is changed until it has been tested and proven of extra benefit. If it proves out, it is immediately put into use.

County Growth Subject Of Rotary Speaker

Lloyd Weber of San Jose Chamber of Commerce, Industrial Department, as Campbell Rotary Club guest speaker this week, spoke on the growth of Santa Clara County during the past few years, and indicated continued expansion in the future.

Practically every index used in figuring growth of community, showed heavy increases, Weber pointed out. He said that Santa Clara County's 255,000 population provides year 'round employment for 108,000. Other increases were recorded for County motor vehicle registrations, and in new construction.

Gross sales and individual incomes also showed large increases, Weber said.

Weber also cited instances of three large firms which propose to locate in Santa Clara County as further indication of the continued growth of the county.

CONGREGATIONAL CHURCH NOTES

Regular services of the Congregational Church will revert back to the 10:30 time, making a change from the present 9:30 service according to Rev. Corwin H. Olds.

A poll of the congregation brought a vote of 60-40, favoring the time change.

Dr. Olds will conduct the sermon.

A "coffee cake and coffe hour was held by the Isabelle circle in the Congregational Church parlor following the regular morning services by the Isabelle Circle.

This successful benefit, which the circle hopes to hold at various times throughout the year will benefit the church biulding fund.

Moreland Trustees Set New Meetings

Regular board meetings of Moreland Trustees will be held from now on at 8 P. M. the second Tuesday of every month. A special budget hearing will be Monday, Aug. 3, at 8 P. M.

At recent meetings, George Robertson was re-elected clerk of the Board, a new bus was purchased, and many new prospective teachers are being interviewed.

Construction at El Quito Park has been delayed because of the strike, and the Dec. 18 completion date may not be met. Temporary housing for classes to avoid overcrowding and double sessions is being considered.

THE CRACKER BARREL

The best topic of conversation among the folks we know these days seems to be the weather we been havin'. Like Mark Twain said years ago, "Everybody talks about the weather, but nobody does anything about it." And that just about seems to be the situation around here these days. Seems as how these hot days seem to get all the folks in a tizzy and make 'em sort of short-tempered and hot under the collar.

Guess you can't blame a feller who's been out in the sun all day, sweatin' away, for getin' a little grouchy once in a while. But there ain't a thing we can do about it, folks, so let's just buck up and make the best of it.

Remember, a smile costs nothing, but gives much. It enriches those who receive, without making poorer those who give. It takes but a moment, but the memory of it sometimes lasts forever. None of us is so rich or mighty that we can get along without it, and no one is so poor but that he can be made rich by it.

A smile creates happiness in the home, fosters good will in business, and is the countersign of friendship. It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and it is nature's best antidote for trouble. It cannot be purchased, begged, borrowed or stolen, for it is something that is of no value until it is given away. Some people are too tired to give a smile. Give them one of yours as none needs a smile so much as he who has no more to give.

So remember that, folks, keep smilin, ... and do pay us a little visit; we're smilin' all the time no matter what old man weather's doin' .. So long for now.

A Typical Family ...

Jim and Mary Jones would laugh at you if you called them a typical Campbell family ... they would say, "Why, we're just ordinary people." And they would be right—they are just ordinary people, and that is what makes them so typical.

They have their money problems, just as you and I ... the constant struggle to keep "above board" with the high cost of living eating up Jim's hard-earned wages. But they've found many ways to cut corners and stretch those dollars over the month ... and surprisingly enough, they almost always have enough left over to save a few dollars for a happy and prosperous future.

One of the methods they've found to accomplish this is to take advantage of Double Stamp day the last Thursday of each month in Campbell ... They know that they get a six percent return on the dollars they spend in Campbell on Double Stamp Day. They know, too, that it simply isn't logical to drive to a larger city to do their trading when they can save that much money right in their own home town ... and, of course, it's always nicer to do business at home where you know the friendly merchant who is serving you ... might even be a neighbor of yours.

Typical Campbell family? We think so ... they work hard, know the value of their dollars, and they trade where they can get the greatest value for their money on the day when those values are greatest.

Double Stamp Day

THURSDAY, JULY 30
